

Equality Information and Objectives

Promoting equality and community cohesion at Ormiston Bushfield Academy

At OBA we have a strong commitment to fairness and equality in everything that we do.

- We try to ensure that everyone is treated fairly and with respect.
- We work hard to make sure that the academy is a safe and secure environment for everyone.
- We recognise that people have different needs, and we understand that treating people equally does not always involve treating them all exactly the same.
- We recognise that for some students extra support is needed to help them to achieve and be successful.
- We try to make sure that people from different groups are consulted and involved in our decisions, for example through talking to students and parents/carers, and through our Student Leadership Teams.
- We aim to make sure that no-one experiences harassment, less favourable treatment or discrimination because of their age; any disability they may have; their ethnicity, colour or national origin; their gender; their gender identity or reassignment; their marital or civil partnership status; being pregnant or having recently had a baby; their religion or beliefs; their sexual identity and orientation.
- We welcome our general duty under the Equality Act 2010 to have due regard to the need to eliminate discrimination; to advance equality of opportunity; and to foster good relations.
- We also welcome our specific duties to publish information about our academy population; to explain how we have due regard for equality; and to publish equality objectives which show how we plan to tackle particular inequalities or disadvantages.

We welcome the emphasis on the importance of narrowing gaps in achievement which affect, amongst others:

- Students from certain ethnic and cultural backgrounds
- Students who are supported by the student premium
- Students who are disabled
- Students who have special educational needs
- Boys in certain subjects, and girls in certain other subjects.

Disability

How we advance equality of opportunity:

- We support disabled learners and staff by meeting their individual needs.
- We take reasonable adjustments to ensure that disabled students are not put at a disadvantage compared to other students.
- We will ensure that there is consultation with disabled learners, their families and disabled staff in the changes and improvements we make and consult them on issues affecting them, rather than relying on people acting on their behalf.
- We carry out accessibility planning for disabled students that increases the extent to which they can participate in the curriculum, improves the physical environment of the academy and increases the availability of accessible information to disabled students.
